We go the Extra Mile

To make your home

Extraordinary!

Finishing Touches' unique framing system adds a perfect finish to windows and doors, guaranteed to increase the overall value of your home.

Our wooden shutters are available in more than 50 unique colours, and may be customised to fit any opening imaginable... even complex arches and spheres. All shutters are designed with mortise and tenon joints for strength and stability and are available in four

different blade sizes:

47mm, 63mm, 89mm and 114mm.

Monterey Colours

OUR "MONTEREY" SHUTTERS ARE THE MOST COST EFFECTIVE OPTION WHEN IT COMES TO SHUTTER MANUFACTURE BUT THEY ALSO COME WITH A LARGE RANGE OF FEATURES AND BENEFITS.

Made from a combination of timber fibres and glue and extruded with a polypropylene coating Monterey is a unique product:

- Eco friendly. Using the timber fibres ensures that wastage is very much minimised.
- The polypropylene coating gives a hard, smooth and highly durable finish, it resists cracking and peeling, etc.
- The product is UV treated ensuring no colour change or yellowing from the sun.
- The unique framing system controls light seepage, coupled with the stiles being rebated so they overlap and ensuring light control when panels butt up against each other.
- Easy to clean and maintain.
- Available in 3 different blade sizes 63mm, 89mm and 114mm.
- Nine different shades of neutral colours and whites.

Monterey Shutters come with a 3 year factory warranty.

Endless Possibilities

We value the art of creating elegant living spaces and strive to do just this in the homes of our customers.

This philosophy underpins the way we design, manufacture and install our products.

Finishing Touches' shutters are custom made, allowing you to choose the level of privacy and light control that you desire.

Customers can choose from three installation options: hinged, bi-fold or sliding.

CAMERON

A medium density timber with a more pronounced grain and texture, offering a natural looking product.
