

FINISHING TOUCHES

1 2 3 4 YOUR HOME

MADE TO MEASURE RODS, FINIALS, TIE BACKS & BLINDS

MADE TO MEASURE

Finishing Touches: 1,2,3... MORE 4 your home!

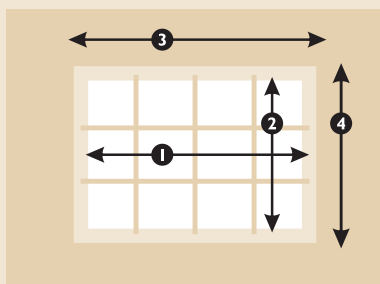

WE OFFER THE FOLLOWING SERVICES

- Designer custom-made rods, finials and tie backs
- Custom-made blinds
- Custom-made curtains
- Full installation Service
- Comprehensive range of DIY products
- In-store window décor consultants providing professional advice

The following guides will help you to measure your windows correctly for blinds, curtains, rods and tie backs.

Blinds

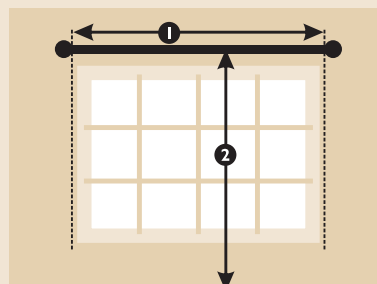

Inside measurement

- 1 Inside reveal width
2 Inside reveal drop

Outside measurement

- 3 Wall facing mounting width
4 Wall facing mounting drop

Curtains

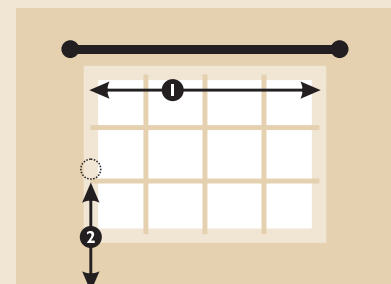

1 Width

Measure the track or rod width, not window width, excluding finials or other decorative pieces

2 Length

Measure from the top of track or rod to where you want your curtains to hang

Rods and tie backs

1 Rods

Measure the inside width of the window. Rods should extend 10cm beyond window. Note: finial size must be taken into consideration.

2 Tie backs

Tie backs should be installed approximately one metre from the floor

90MM CLASSIC FINIALS & MATCHING TIE BACKS

 THIS RANGE IS DESIGNED TO FIT THE FOLLOWING 90MM DIAMETER WOOD PROFILES			
✓ 	FULL ROUND		HALF ROUND SMOOTH
✓ 	REBATE SMOOTH		HALF ROUND FLUTED
✓ 	REBATE FLUTED
