FOR YOUR HOME

PRODUCT STYLES AND SIZING

- Standard Length - 218cm
- Extra Length - 250cm

Tape

Versatile and most cost effective.
Our 3 string woven pocket tape, with 3 levels for slight height variances, pulls easily to create a neat pleat.
Can be used with regular tracks, with pelmets, rebated or clip-on rods.

- Standard Length - 220cm
- Extra Length - 252cm

Eyelet

Provide a modern, simple neat look.
Quick and easy to hang directly onto any curtain rod fixture.
Curtains can be drawn quickly, easily and neatly every time.

- Standard Length - 218cm
- Extra Length - 250cm

Wave

Wave curtains are ever increasing in popularity.
This decorative window treatment solution suits the modern contemporary home and creates a minimalistic, uncluttered look. The curtain is guided seemingly invisibly along a special track to create a uniform wave effect.

PRODUCT TYPES

100% Blockout

Our blackout curtains can be used when total light reduction is required. They are self-lined and blockout 100% of light entering a room. These types of fabrics are beneficial for privacy, insulation and noise reduction.

Partial Blockout

Our partial blackout curtains, also known as dim-outs can be used when light reduction is required, without the need for total blackout. These provide an adequate amount of darkness to a room, up to 80% colour dependant. Beneficial for privacy, insulation and noise reduction.

Sheers

Our sheer curtains are available lined and unlined. Unlined sheers are translucent, allowing light to enter the room, while still providing some degree of privacy. Lined sheers enhance the texture and weave while improving privacy and light reduction. Ideal for layered window treatment solutions when paired with blackout or partial blackout curtains.

Lined

Our lined curtains include sheers and more solid options such as weaves and prints. All lined with light weight polycotton lining to provide protection to the face fabric and privacy. Ideal for layered window treatment solutions when paired with unlined sheers.

FREQUENTLY ASKED QUESTIONS

Q: Do you offer a guarantee on your product?

A: 2 year guarantee on our fabric if curtains have been handled and cared for correctly, as per care instructions.

Q: What tape heading do you offer?

A: Our 3 string woven pocket tape heading allows for slight adjustments. Curtain hooks can be fitted to any of the 3 string woven pocket levels to accommodate slight height variances.

Q: What diameter are your eyelets?

A: 40mm stainless steel eyelets

Q: What is your returns policy?

A: Returns and full refund will be considered if:

- reported within 7 days of the goods being received*
- the product has not been used or altered*
- the product has not been washed, soiled or damaged*
- the product is still in the original packaging*

We reserve the right to inspect any returned item prior to replacement or refund.

In the unlikely event that you receive faulty or damaged goods please contact us immediately and we will arrange to uplift the goods, free of charge.
